University of Luxembourg

Location: Stakkahlíð 1 | IUA | **Fjara** reception room
Date & Time: 10th October 2025 | **5-7 pm**

You are warmly invited to the closing ceremony of the International Workshop in Hveragerði, held as part of the BIP Project.

This event marks the culmination of an intensive and collaborative program focused on architecture, urbanism, and food production in Hveragerði. Over the course of the workshop, international participants have worked together to explore innovative and sustainable approaches to these themes.

The ceremony will feature presentations of the outcomes developed during the workshop, providing a platform for exchange among experts, colleagues, and invited guests. It will be an opportunity to reflect on the insights gained and to foster dialogue around the project's findings.

We look forward to celebrating this occasion with you light refreshments and drinks will be served.

Professors

Sahar Ghaderi
Karl Kvaran
